SPECIALIST MOUNTING AND FRAMING SERVICES  
EST. 1799 ABLISS.CO.UK

## Job Title

Workshop + Dry Mounting Technician (trainee or experienced applicants welcome)

## Hours / Start Date

Full time (Mon-Fri), flexible days or freelance options available. Starting ASAP.

Business core hours 10-4pm

## Job Specification

We are looking for someone to join our fantastic team of technicians to work over our two sites (Farringdon EC1 + Elephant & Castle SE17) on varied, challenging and interesting mounting projects of all sizes. The successful applicant will predominantly work in a mounting team of four but also collaborate with other staff members, including management, office staff and the framing department. As a member of a small team, you will be expected to assist in other areas from time to time, picking up cross-departmental skills and knowledge which is vital in keeping a relatively small team productive and motivated.

The role is suited to anyone who has a keen interest in the arts and fabrication of museum / gallery grade display. We welcome highly and specifically experienced technicians or motivated trainees, and will adapt the role according to the applicant.

We welcome individuals that are keen to bring ideas and innovation to a dynamic department and be involved with development of the business as a whole. Our team is varied and welcoming to all.

## Main responsibilities

- High spec / fine art dry mounting (after training if applicable)
- Print handling - inkjet / c-type / darkroom / poster / original artworks
- Meticulous quality control and workflow management
- Excellent time management
- Registrar duties - condition reporting / measuring / final checks
- Collaborative workshop management

## Salary

- Negotiated based on level of experience, employment type and working hours

## Company Description

A.Bliss is a third generation, family-owned and operated business that specialises in conservation quality photographic mounting and framing that has been trading since the 1800's. The business now supplies the fine art market with the assurance of quality that comes with being considered as the trusted experts in our field. We are proud to work for some of the most respected galleries and institutions in the UK and to collaborate with artists on varied, unusual and challenging projects. The working environment is relaxed and friendly, while being focussed and challenging. A team of 9 oversee all projects, in house.

**We look forward to hearing from you! Please apply directly by email to [will@abliss.co.uk](mailto:will@abliss.co.uk)**
